ANALYSIS: SB 685 proposes amendments to the homeschool tax credit cap in the Parental Choice Tax Credit Act (70 O.S. § 28-101). Beginning in tax year 2026, the proposal authorizes the Oklahoma Tax Commission (OTC) to annually calculate and publish an adjustment percentage for homeschool credits to ensure the total credits used to offset taxes do not exceed the annual limit. The adjustment percentage will be calculated by dividing \$5 million by the amount of credit claimed two tax years prior. If tax credits exceed the annual limit in any year, the OTC will allow the excess but incorporate it into the adjustment percentage formula for future tax years.
